

A Movement Beyond Borders ...

UNDERSTANDING THE WORLD AS A WHOLE

Michelle Looby

Host, The Global Class

Michelle Looby is a Senior Lecturer in Engineering at the Technological University (TU) Dublin. Michelle is a Chartered Engineer with a Masters in Engineering from NUIG and has extensive experience in both industry and academia. In ITB Michelle works to research and develop new technology programmes and opportunities within the college. Also she has a particular interest in the promotion of engineering and technology as an exciting career opportunity for girls and co-ordinates many STEM initiatives in TU Dublin including their Young Women in Technology programme.
